

Introduction to Digital Business Executive Stepup Program (Cohort 2)

Digital Business Executive Stepup Program

HCL

Start date : 16th August 2021

End date : 15th March 2022

* Beyond The Basics will be enabled post completion of Foundation course.

The pace of digital transformation is accelerating across all industries and markets. All large customers of HCL's Digital Business are embarking on a journey of modernizing their application landscapes by leveraging digital technologies over the next 2 to 3 years. There is an elevated demand for leadership roles to manage and deliver these digital transformation initiatives of our customers.

Digital Business is launching the Digital Business Executive – Stepup Program for all leaders in the E4-E6 Band for upskilling in industry trends, HCL offerings and solutions and HCL's success stories in delivering large transformation programs in the Digital Business landscape.

The Digital Business Executive – Stepup Program goal is to transform and orient leaders on how to engage with the client's stakeholders and C-Suites for Digital Transformation deals- related conversations and on time delivery of Digital Transformation programs within budget. This program will help participants to understand the digital delivery key elements, our differentiators, and our experience on executing some of the digital engagements.
